WHAT CAN BROWN DO FOR YOU?®

# Not just UPS... UPS and PS|Ship

Turn to the PS|Ship solution that incorporates the proven reliability of UPS and enjoy peace of mind knowing that your solution provider is UPS Ready.

## **Complete integration with MS Outlook, Lotus Notes, CRM systems**

PS|Ship™ fully integrates with Microsoft Outlook®, Lotus Notes®, and most contact management and CRM systems. With a few clicks, produces a vendor-approved shipping document from existing firm-supported databases and integrates it seamlessly into the office workflow and cost recovery process.

## **Recover costs quickly and accurately**

Automatically tracks shipping costs and ties them to client accounts and cost centers to ensure highly accurate billing records. No revenue slips through the cracks.

## **Streamlined UPS account management (no individual user accounts required)**

Streamlined vendor account management. With PS|Ship™, no special setup management of user accounts is needed as workers come and go- access to is tied to users' ability to login and authenticate to your corporate network.

## **Full chain-of-custody from label creation to delivery and billing**

Complete visibility into the parcel chain-of-custody, from the time the label is created until it is delivered, for both the "sender" (attorney/professional) and the "operator" (secretary/assistant), without any additional security or proxy management.

## UPS Shipping through PS|Ship

### Take advantage of the proven reliability and unsurpassed delivery options with UPS...

- With more domestic express service options, you can select the service that's right for your circumstances and customers' needs.
- UPS provides the efficiency of one reliable UPS driver for your air, ground and international pickup and delivery services.
- We offer later pickup of on-call air packages from more businesses than anyone, giving you more time to prepare critical shipments and meet important deadlines\*.
- UPS has nearly 40,000 UPS Drop Boxes conveniently located, many with favorable late pick-up times for your after-hours drop-offs.
- With nearly 4,400 locations, The UPS Store® can serve as your remote office. Its suite of services include package drop off and full-service shipping, mailboxes, documents (copying, digital printing and finishing), and supplies.
- UPS is the only small package carrier that doesn't have a weight limit associated with the cost of UPS Next Day Air® services, UPS Worldwide Express® services and UPS Worldwide Saver® express envelope shipments.\*\*

### ... combined with the value driven solution and ease of use of PS|Ship™

- Recover costs quickly and accurately. PS|Ship automatically captures shipping costs and ties them to client accounts and cost centers to ensure highly accurate billing records.
- Eliminate the need to store contact data in multiple systems. PS|Ship uses data from MS Outlook®, Lotus Notes®, GroupWise® or CRM systems to generate labels.
- Facilitates the timely delivery of letters and packages to the correct location by validating addresses to the street level of detail.
- Process shipping invoices efficiently by electronically receiving billing data.

\* Based on a comparison of published 2008 on-call air pickup times covering 2,000 ZIP Codes selected according to UPS Next Day Air pickup volumes.

\*\* Visit [ups.com](http://ups.com)® for details.
